This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

A saint is one who has left behind the sound and fury of this physical world, who has transcended self entirely, and who thus can guide others on the path to transcendence. The stories herein partake of motifs from several spiritual traditions, however I do not mean any of them to be representative, or even evocative, of any particular tradition, but rather of the universal theme of transcendence that is found at the deepest level...
