

# Modality: Studies in Form and Function

By -

Equinox Publishing Ltd, United Kingdom, 2010. Paperback. Book Condition: New. Reprint. 234 x 156 mm. Language: English . Brand New Book. Modality: Studies in Form and Function reflects the diversity of theoretical frameworks and the heterogeneity of linguistic phenomena under the general heading of modality. Researchers in the fields of logic, philosophy and linguistics have for many years been pondering the elusive nature of modality and grappled with ways of capturing it. The 11 studies included here cover the span from contributions that seek to clarify controversial theoretical constructs to studies which take an empirical approach to linguistic categories and cross-linguistic typological issues. The key concepts addressed are the structure of modal subcategories, subjective versus objective modality, force dynamics, evidentiality, Spanish and English modal auxiliaries, modal uses of Italian tenses, linearization patterns in German verb chains, determinant TAM categories, modal polyfunctionality across languages and rapport management in discourse.

## Reviews

*The most effective pdf i possibly read. It is amongst the most amazing publication i actually have go through. You are going to like the way the author publish this pdf.*

-- **Chelsea Durgan PhD**

*I actually started off looking over this pdf. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
