

State- And Nation-Building in Poland

By Inga von der Stein

GRIN Verlag GmbH. Paperback. Book Condition: New. Paperback. 20 pages. Dimensions: 10.0in. x 7.0in. x 0.1in. Essay from the year 2013 in the subject Politics - International Politics - Region: Eastern Europe, grade: 9, Maastricht University, language: English, abstract: Saisonstaat (seasonal state) - this was the pejorative name Prussian historians labelled Poland with in the 18th century (Davies, 2005, pp. 24, 324). They did so in the face of the partitions of Poland, which resulted in Poland completely vanishing off the map (Davies, 2005, p. 386). But why was Poland seen merely as an instrument for Prussia and Russia in striving for hegemony (Biskupski, 2000, p. 22) This question is difficult to answer and already gives a hint to the complexity of the process of state- and nation-building in Poland, which deviates in many aspects from the Western European countries. To provide a foundation for the concepts that this paper is based on, one needs to define the terms of both nation and state. According to Smith, a nation is more than only an ethnic group but a cultural- political community, living in an area of settlement and sharing a common heritage, culture and law (Smith, 1995, p. 57). The concept...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- **Prof. Arlie Bogan**

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
