INTRIGUING MARKET MANIPULATIONS: HOW TO INVEST WISELY IN THE NYSE AND OTHER MARKETS

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 50 pages. Dimensions: 9.2in. x 6.1in. x 0.1in. How do you recognize good buys and bad buys Explained within this book is why some investors have been making anywhere from a steady 10-20 year after year increase and where some have made ten to hundred baggers (10 to 100 times their original investments) on a consistent basis. There are ways to understand more easily the stock market system in the United States and other places around the world so that if you want to, you can take advantage of it to some degree instead of it taking advantage of you entirely. Investing in Stocks is risky. There are no ways around the risk completely, however with this book you will gain some knowledge of the risks that are inherent as well as those that are hidden. One of the basic things about making stock investments of any kind is to first assess your strategy. How much risk should I take on and when Should I be investing small amounts over long terms or short terms What is the reason I want to invest at all Do I want to make money like I would make on a job Do I want to just drop a large amount of money in once and let it rise for the future How do I keep from losing my ass and all my money as many have done How much time do I want to spend learning and gaining confidence in this opportunity To define your strategy is the most important thing to do. Some even will go so far as to say that they only want to work on 10 baggers or more. Others are quite happy with their investments growing...
